

Why are 2X4 off road go karts not permitted? They are not atv's but they are not swamp buggies. There are off road go karts in the market that meet all the requirements except the 4X4. You do however allow 2X4 atv's. Please let me know if this has been brought up before or if you plan to bring it up soon. I would love to be able to ride on these trails with my 2X4 off road go karts.

Thanks!
